Friction is a force / between two surfaces / that are trying to slide / across each other.

For example, / when you try to push a book / along the floor, / friction makes this difficult.

Friction always works / in the direction / opposite to the direction / in which the object is moving, /

or trying to move.

So, / friction always slows a moving object down.

The amount of friction / depends on / the surface materials.

The rougher the surface is, / the more friction is produced.

Friction also produces heat.

For example, / if you rub your hands / together / quickly, / they will get warmer.

Friction can be a useful force / because it prevents / our shoes / slipping / on the floor /

when we walk.

When you walk, / friction occurs / between the bottom of your shoes and the ground, / preventing sliding.

People love to eat turkey / on Thanksgiving.

But / what they might love more / is / how it brings people together.

Some families travel / across the country / to see each other / and share this meal.

While people cook / side by side / and sit around the dinner table, / they also talk and laugh /

with each other.

For some, / Thanksgiving is / one of the few times / of year / they can get together.

Therefore, / the Thanksgiving turkey / is more than just food / for the family.

It goes beyond / feeding them / since it also connects them.

The holiday gives / friends and families / comfort / and reminds / them / that they are part /

of something bigger / than themselves.

Parents / are always under a lot of pressure / to control their children / in public places.

One reason for this / is that / many believe that / poorly behaved children /

make / their parents / look bad.

For instance, / when children cry and yell, / other people might judge / how the kids were raised.

They might assume / the child is acting out / because his or her parents /

are not strict enough.

However, / the reality is that / all children act out / at some point.

The way / parents raise their children / doesn't really matter.

Parents should accept that / kids are never going to behave / perfectly / in public / all the time.

They just have to focus on / how to respond to bad behavior / to teach their / children /

valuable lessons.

Some experts suggest / it is valuable / to have a hobby.

Doing something enjoyable / can result in a positive attitude, / so we become happier /

when we spend time doing our hobbies.

In addition, / hobbies can improve / our ability / to concentrate.

When a person engages in / an interesting activity, / the brain produces / more neurotransmitters.

A number of studies have shown that / higher levels of these substances / make it easier /

to focus on tasks.

Having a hobby / can also lead to / a significant increase / in a person's overall confidence.

Specifically, / our self-esteem improves / when we do well at a hobby / that is challenging.

This provides / a greater sense of self-worth, / which benefits everyone / in school or the workplace.
